### Roster of North Carolina Masons in the 18th Century

The following rosters of 18th Century North Carolina Freemasons include all those found in records of the Grand Lodge, individual lodges, and other reliable sources. Spellings are, except in cases of obvious error on the part of the recording officer, given as found in the records. The loss of the great bulk of Masonic records prior to 1801 prevents the presentation of a more complete roster. No records at all have been discovered listing members for Franklin Lodge in Franklin County (formed in 1791), Shallow-ford Lodge in Huntsville (Surry County, formed in 1795), St. John's in Morganton (formed in 1797, probably by the same group that founded Rising Sun No. 38 in 1799), and the apparently clandestine lodge formed in 1796 at South Washington in New Hanover County.

The dates given beside each name represent the earliest year in which the name appears in available sources. In most cases the member can be presumed to have belonged to the lodge in earlier years for which no records—or incomplete ones—have been located.
