## District Deputy Grand Masters of the Grand Lodge of North Carolina

### Special Notes:

- The names of each DDGM listed came from the Proceedings of the Grand Lodge of Ancient Free and Accepted Masons of NC except for 1982-83, which was not listed correctly in the 1982 Proceedings. For 1982-83 only those confirmed to have served are listed and were confirmed from those listed as having attended the April 1983 Annual Communication. Those not known are indicated in those years with a (?).
- The same name could be abbreviated differently in the various locations since it sometimes varied in the Proceedings from listing to listing. An attempt was made to be as consistent as possible so the names could be slightly different than actually listed in the actual Proceedings. Full names were used if available and space allowed.
- No records are available at this time to clearly determine any mid-year substitutions to fill unexpired terms.
- Lodge numbers were listed as indicated in the Proceedings. Where discrepancies existed, a best effort was made to research and establish the correct number. In some cases, it is clear that the person listed most likely changed membership.
- In his report to the Grand Lodge at its Annual Communication on January 9, 1906, Grand Master M.: W.: L. S. Liddell announced a Special committee had been appointed to consider the appointment of District Deputy Grand Masters. Details of this Committee and this Resolution can be found on pages 75-76 of the 1906 Proceedings; however, no record of approval can be found. In the 1907 Proceedings, page 18, Grand Master Francis D. Winston discusses his appointment of District Deputy Grand Masters and his dividing the state into Thirty Masonic Districts. This is the first mention of actual appointments.
- The first appointments appear to have taken place sometime in 1906 prior to the 1907 Annual Communication. For this reason, years 1906 through 1918 are recorded from the following year's Proceedings that listed the DDGM's as attending which should indicate that their appointment would have been from the prior year in the opinion of the author of this list.
- Names of the District Deputy Grand Masters for all Districts are not known for sure until 1919 when the first full list was printed in the Proceedings of 1919 as appointed not attending which was a separate list in those proceedings. Prior to this date only those DDGM's attending the Annual Communication held in January of each year was recorded and was listed that way again in 1920. For years 1907 through 1920 the specific lodge numbers were not listed for each DDGM. Those listed were obtained from other references within the Proceedings
- From 1941-1944 the lodge number for each DDGM was again not listed in the Proceedings. Those listed during those specific years are based on their number listed in prior or preceding years or from committee listings in those specific Proceedings, which clearly indicated their specific lodge number. If membership would have changed during this period, then the number listed in 1941-1944 may not be exact number for some who are listed. Those cases would be rare in the opinion of the author.
- Districts appeared to have expanded from the original 30 beginning in 1906-07 to 44 Districts in 1914.
- District 4A began in 1948-49
- District 4A became District 45 in 1954-1955
- Districts expanded from 45 to 51 in 1955
- Districts expanded from 51 to 56 in 1956
- Districts expanded from 56 to 58 in 1958
- Districts expanded from 58 to 65 in 1968
- Districts reduced from 65 to 41 in 2001

Any corrections or suggested additions should be forwarded to the author of this document for future revisions.
